BRIDGE STREET SEWER

all lots between West Superior street and Wellsley street, facing Harvard avenue in said plat, requiring the grantees in all deeds of such lots to build no residence in such lot to cost less than \$1500, which vote was as follows:

Yeas—Ald. Rowland, McConkey, Willard, Ogden, Ward and Fraker. Nays—Ald. Race.

Ald. Ward offers the following resolution and moves its adoption, supported by Ald. Willard:

Whereas, by action of the common council had on the tenth day of March, A. D. 1914, it is ordered that a survey and maps and profiles and estimated costs of an adequate sewer system for the entire city of Alma be made and prepared by the W. J. Sherman Company, engineers, of Toledo, Ohio, and

Whereas, said survey and maps of such sewer system, together with a profile and estimate of the cost of construction of the same, has been made and filed in the office of the City Clerk of said city of Alma, showing the lands and premises which in the opinion of the council will be benefited by the drainage obtained by the construction of such a sewer system, and also showing the boundary and divisions of all lots and premises in the several districts thereof, together with the proposed route and location of all trunk lines, branches and extensions of such system and the depth, grade and dimensions of the same and specifications under which the same is to be constructed; and

Whereas, it is deemed that the construction of such a sewer system including the trunk lines, branches and extensions of the same as shown by such map now on file as aforesaid, is a necessary public improvement, and a public necessity in the interest of the public health of said city, therefore be it

Resolved, by the common council of the city of Alma, now in session, that it is the intention and determination of the said council to cause to be constructed a portion of such sewer as shown by the maps, and profiles aforesaid named and designated as the Bridge Avenue sewer in the district as shown by such map, and known as the Bridge Avenue Sewer District, deeming it a necessary public improvement, and a necessity in the interest of public health of said city, and be it further

Resolved, that all those lots and premises described in said Bridge Avenue Sewer District as shown by said map save such as may be exempt by operation of law, are the lands and premises designated by the said council to be assessed for a part of the cost of the construction of said Bridge Avenue sewer, but for a more complete description of same, reference is hereby made to the said map marked "Sheet A," which is a full and accurate specification of the proposed sanitary sewer, showing the location of such sewer, the depth, grade and size thereof, and of the lots and premises liable to be assessed for a part of the cost of the construction thereof.

Resolved further, that exhibit No. 1 contains diagrams and specifications therein properly designated for the purpose of identifying the same in connection with said Bridge Avenue sewer, showing the size, depth, and grade of the manholes and other connections and the general conditions under which the same will be constructed. That exhibit No. 2 contains a preliminary estimate of the cost of such sewer, including a proper allowance to cover engineer and contingent expenses in connection therewith.

Resolved further, that the city at this time construct that portion of the said sanitary sewer extending from the intersection of Pine river with Bridge Avenue in said city, south to a point on said Bridge Avenue 300 feet south of the intersection of Bridge and Michigan Avenues in said city, that the estimated cost thereof is \$2179.00; that 60 per cent. of the cost of such portion of the said sewer which is hereby proposed to be constructed at this time be paid out

FOR THE TENNIS GIRL.

More and more is the sportswoman getting to be the rival of her brother when it comes to a matter of comfortable clothes. Here we have her enjoying the freedom of a pocket. She can carry all sorts of things in it, and they will not fall out, for under its trimming of buttons and buttonholes there are two snap fasteners, easily opened and easily shut.

COMBINATION OF MATERIALS.

Plain white cotton crape with crape striped in red and bordered with white and red dots makes a smart and effective combination in this summer frock, which follows the summer rule of combination of materials. The loose lines of the blouse, complemented by the vestee of sheer embroidered handkerchief linen and the short Russian tunic, not extending all the way around, have the right touch of smartness.
